**Meeting Summary**

1. Discuss community engagement for Action Plan

Attendees reviewed comments received at the listening sessions, and discussed how to incorporate feedback into the Action Plan. It was noted that a number of concerns outside of what was heard in the survey (e.g., difficulty in acquiring housing, housing instability due to concerns about landlords and rental renewals, need for housing for young professionals just starting out) were brought up in the listening sessions. Karen and Calpurnya will incorporate feedback into the Action Plan outline.

Attendees also discussed preparation for the meeting with the AHA and HCA on August 23.

*Meeting adjourned at approximately 9:145 am.*
